Receipt #: _____ Check #: _____ Cash: _____

Because digital images are easily created and reproduced, photographs and video files are extremely common on the web, and they are freely posted and passed along by users of online social media. It is the policy of the Diocese that privacy concerns, particularly as they relate to images of minors, are to be observed and respected in online social media use connected to its schools. The Diocese has no desire to intrude into or restrict the rights of parents and students to freely post personal photographs on their online social media sites as they see fit. If, however, they intend to upload photographic images or video files related to Catholic school activities, then students and parents must all observe the following guidelines:

- Prior permission should be obtained from any third parties depicted in photographic images or video files prior to being uploaded. If individuals decline such permission, their privacy should be respected and the image should not be posted.
 - If photographs or videos, particularly those of minors, are posted with or without permission, and the student or parent asks that it be removed, the student or parent's wishes should be observed.
 - Even if parents have granted permission for the use of photographs or video images of their children, care should be taken to ensure that any such postings do not identify the child by name, unless there is specific permission granted by the parent for the additional connection.
- Please sign stating that you have read and understand St. Peter's Church and the Diocese' of Sacramento stand on photographs.***
